Medical doctors are licensed and regulated by the Medical Board of California. To check up on a license or to file a complaint go to www.mbc.ca.gov, email: licensecheck@mbc.ca.gov, or call (800) 633-2322.

Under Section 2799B-6 of the Public Health Service Act, health care providers and health care facilities are required to inform individuals who are not enrolled in a plan or coverage or a Federal health care program, or not seeking to file a claim with their plan or coverage both orally and in writing of their ability, upon request or at the time of scheduling health care items and services, to receive a “Good Faith Estimate” of expected charges. You have the right to receive a “Good Faith Estimate” explaining how much your health care will cost. The Good Faith Estimate shows the total expected cost of any non-emergency items or services and equipment. You may request a Good Faith Estimate in advance of an already scheduled health care service or item, or before scheduling an item or service. If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill. Make sure to save a copy of your Good Faith Estimate. For questions or more information about your right to a Good Faith Estimate or the dispute process, visit www.cms.gov/nosurprises or call 1.800.985.3059
